Thank you for the response. I still seek the address, as we need to keep records of donors. As mentioned in the email, it is mandatory on our part to generate a receipt against every money that is coming in. And if the address is not mentioned, the donation is considered as 'anonymous' under the IT Act. And with the bulk of 'Anonymous' donations going beyond a particular limit, the NGO is liable to pay taxes on the donations generated 'anonymously' (without address). Hence, we are seeking the information, please. Thank you.
